Summary

Data scientist and R advanced user. Statistician with IT background.
10 years of experience on web scraping, predictive modeling, R
packages, interactive dashboards using Shiny and analytic APIs.
I'm specialized in Jurimetrics (statistics applied to the law), data
wrangling, messy datasets, NLP. I work with small or big data
without complaining. Open data and reproducible analysis activist.

Experience

Unifesp - Universidade Federal de São Paulo
Postdoctoral Researcher
August 2023 - Present (5 months)
Osasco, São Paulo, Brasil

Postdoctoral researcher in Jurimetrics

Associação Brasileira de Jurimetria
Executive Secretary & Founder
February 2011 - Present (12 years 11 months)
São Paulo Area, Brazil

The Brazilian Jurimetrics Association (ABJ) is a non-profit company focused
on public policy research using judicial analytics. We have cases exploring
many areas like Tax, Fundamental Rights, Consumer Law, Insolvency (judicial
recovery and bankruptcy) and Corporate Law. We've worked with the National
Council of Justice (CNJ), Justice Court of São Paulo (TJSP) and many others.
